Free—20 Stamps with 1 case Beer, Ale or Porter, 2 dozen to the case.

Free—50 Stamps with 1 bottle Port or Sherry Wine50c

TIRE LIQUID CONTROVERSY CONTINUES

The Buffalo Specialty Company, which is engaged in patent litigation with a number of Bridgeport bicycle dealers, has made a statement of its position in part as follows:

"It is true that we have recently commenced a number of suits against bicycle dealers in Bridgeport, and that these suits were based upon the Duryea Patent, which we own and which broadly covers the use of any liquid or semi-liquid or other preparation which may be injected into pneumatic tires for the purpose of closing punctures and leaks.

"We want to say to you in all candor

that these suits were not commenced until after we had exhausted every possible effort, in a friendly way to cause these defendants to realize our position and to appreciate the fact that they were violating our rights in selling or using tire preparations which are broadly covered by our patent, and which were neither made nor authorized by us.

"We wish to most emphatically deny any statement to the effect that we are or ever have been persecuting bicycle dealers in Bridgeport or anywhere else.

"We call your attention to the fact that these suits were started in Bridgeport until after several years of actual infringement of our rights. We will now carry them to the highest court, if it is necessary for us to do so."

The statement is signed by Oliver Cabana, Jr., president of the company.

A meeting of the bicycle dealers was held last night in rooms in the Scientific building. Thaddeus E. Peck addressed the assembly. Steps were taken to try a test suit, under which the rights of all may be determined.

A resolution was adopted thanking the newspapers for their support. Copies were sent out over the name of Edward Connors, secretary.

Hugo Gives Cup.

John Adam Hugo, the pianist, and newly elected president of the Bridgeport club has offered a handsome trophy in the shape of a loving cup for the pool championship of the club. The contestants for the prize are Messrs. Lebing, Platt, Madden and Alden, all of whom are exceptionally clever pool players.

Tug Floss Missing

(Special from United Press.) Cleveland, April 9.—Forty-eight hours have passed since the fishing tug Floss with seven men aboard was last seen held last night in rooms in the Scientific building. Thaddeus E. Peck addressed the assembly. Steps were taken to try a test suit, under which the rights of all may be determined.

INCREASE OF TARIFF ON GLOVES OPPOSED

Duty is in Some Cases 128 Per Cent Over the Levy in Dingley Bill.

Bridgeport Merchants are Writing to Congressmen and Senators and Enlisting Aid of Newspapers—What the Tariff Costs Women.

Bridgeport merchants are in arms against the proposed tariff increases on articles of household use, and especially against the increase in the tariff on gloves, which, in the new bill, ranges from 37 per cent. to 128 per cent. higher than under the Dingley bill.

A well known and leading Bridgeport merchant said this morning, in a talk with a Farmer reporter:

"When in defending his tariff bill Mr. Payne was trying to find excuses for raising the duty on women's gloves to 34 a dozen, with an extra line for extra lengths, he said:

"Women could get along without the kid gloves or fewer pairs of them. They could use cotton gloves and all that sort of thing. They could keep their hands warm, although they could not cover their hands."

"Could they? Wool is a good material for keeping the hands warm; on knit goods of wool a woman will pay from 33 cents a pound duty up to 44 cents a pound and 55 per cent. ad valorem; if she tries to economize by knitting her own gloves and mittens she will pay from 27½ cents a pound and 25 per cent. added up to 38½ cents and 40 per cent.

"Cotton gloves, Mr. Payne, would not satisfy her, either the hands or the pride, but they are not too poor to pay tribute. Silk looks better, but silk yarn is to pay 30 per cent. spun silk in skeins from 20 cents a pound and 15 per cent. up to 60 cents and 15 per cent. The knitting needles pay 25 per cent.

"Probably Mr. Payne would not speak of stockings as a luxury to 'cover women's pride,' though you cannot always tell what a man will say when away from home influences and trying to explain a tariff bill. Of the stocking bill Marshall Field & Co. in a circular say:

"A group of hosiery manufacturers have received a 20 per cent. increase over the 60 per cent. rate, making a total of 80 per cent. against foreign goods. This would exclude all foreign 25-cent hosiery and would enable domestic manufacturers to raise their prices proportionally.

"Women have been 'getting along without' because of increased cost of living for some years, and they are tired of it. Such taxes are not merely protective but are almost prohibitive. They do not mean revenue for the Government but privation for the consumer and plunder for combining manufacturers.

"Reduce the cost of living. Tax wealth, not poverty."

COLDS in Head or Chest. THE SUREST SAFEST QUICKEST REMEDY IS HYOMEL (PRONOUNCED HIGH-O-ME)

The guaranteed cure. Will relieve colds and coughs in five minutes, cures in 24 hours. Australian dry air treatment. Breathe it through hard rubber inhaler that comes with \$1.00 outfit.
